Closing Remarks

Reception Birmingham Ballroom

We would like to acknowledge the hard work of a special group of dedicated individuals who worked to carefully organize each aspect of this recognition program. Special thanks to Trish Jones, Mary McCloud, Lee Miller, Jayne Gilbert and Ginger Smith of the Alabama Department of Postsecondary Education.

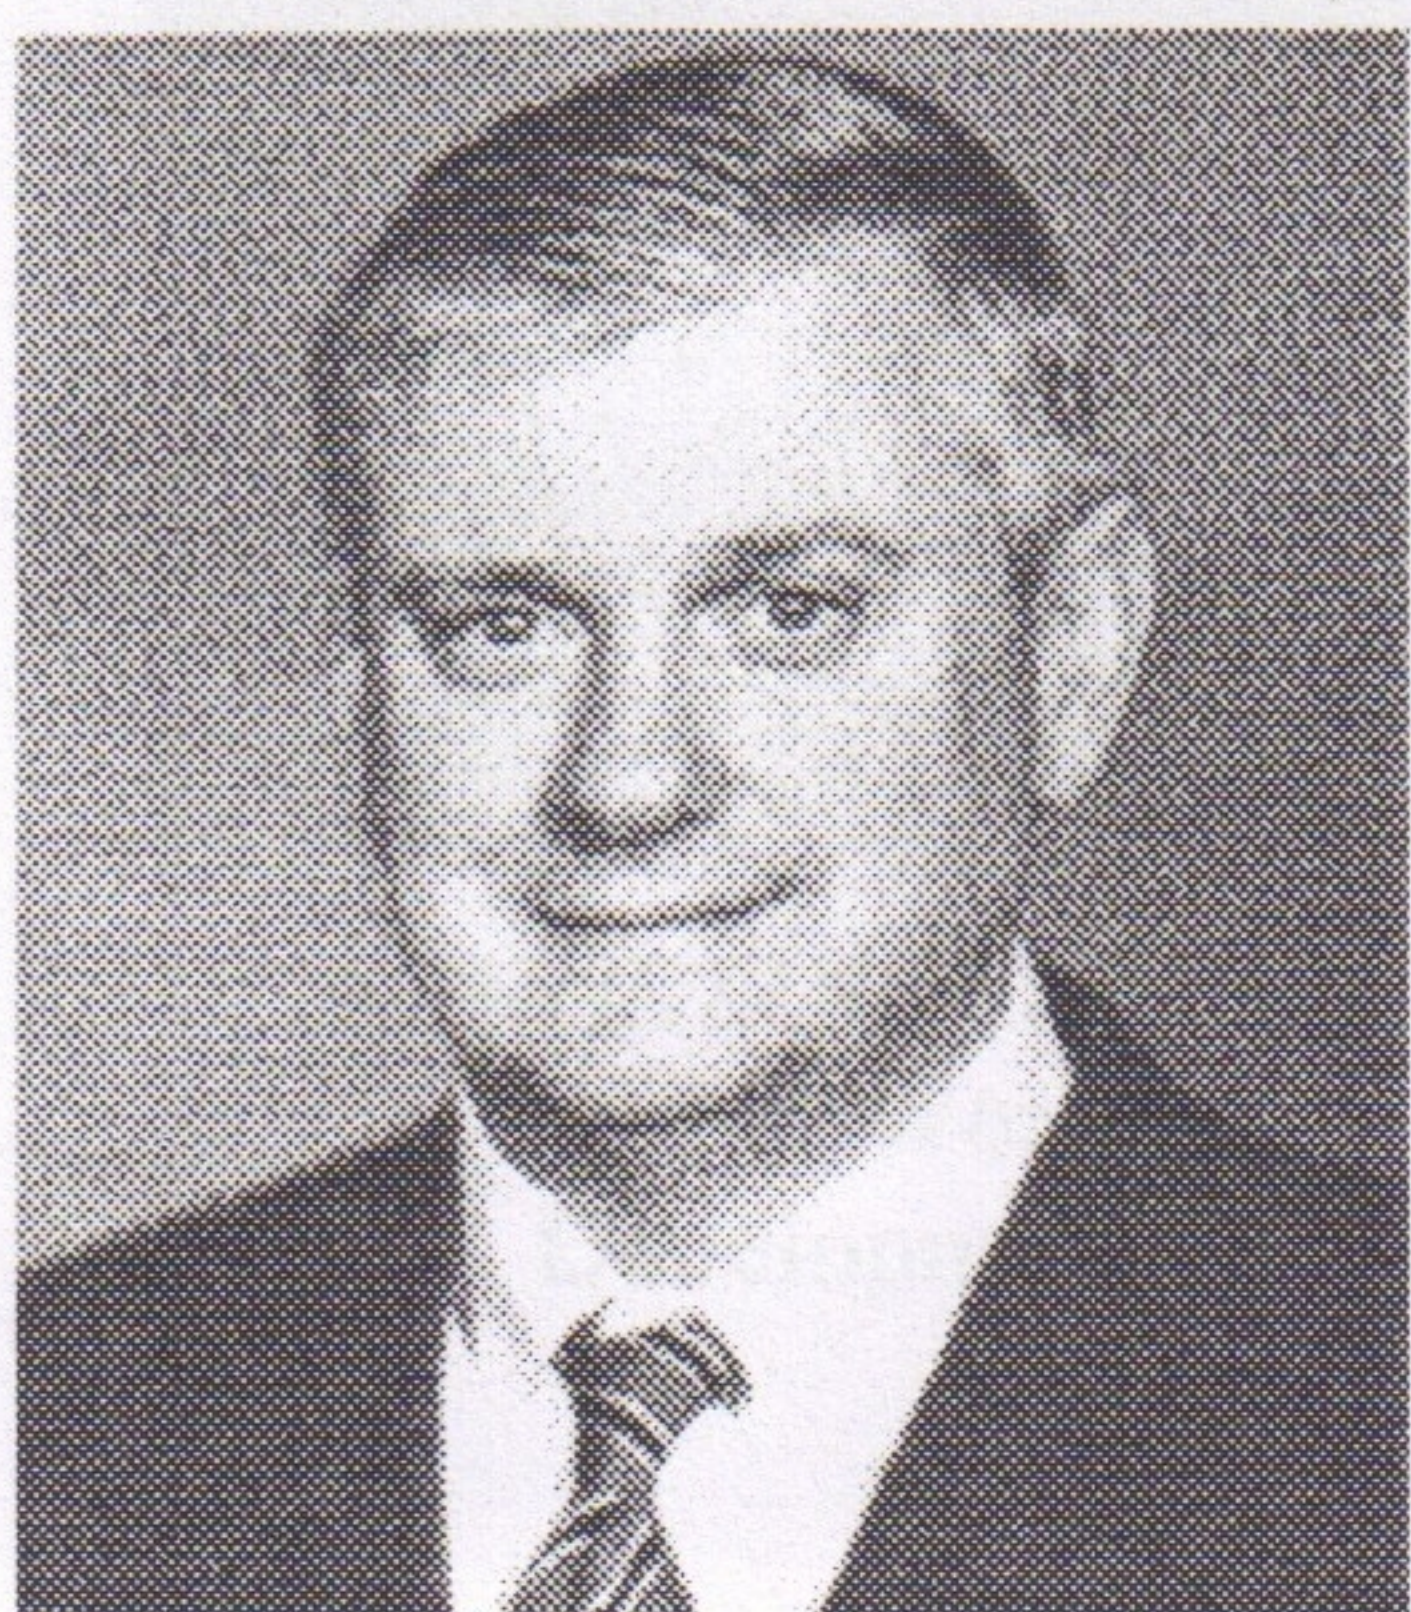

To the Members of the Class of 2007 Chancellor's Awards:

Congratulations and welcome! It is a great pleasure for me to honor such an outstanding group of individuals for the contributions and accomplishments you have made to your colleges, communities and the Alabama College System.

We play a very important role in transforming the lives of our citizens – offering opportunity by facilitating the academic transfer of our students to four-year institutions within the state, offering community-focused adult education centers of learning, and providing access to a network of comprehensive workforce development training programs. Despite challenges the System has faced, you have remained positive and focused on the assignments placed before you. The diligence you have shown motivates us all to strive toward our goals of educating and training our students.

I would like to take this opportunity to thank each of you for your dedication and commitment to the work being done every day in this System.

Bradley R. Byrne
Chancellor

Welcome Chancellor's Awards Nominees of the Class of 2007!

The Alabama State Board of Education would like to join Chancellor Byrne in applauding each of you - faculty, staff and administrators - who have demonstrated the expertise, dedication, and hard work that places you among the best at what you do.

It is the job of the Alabama State Board of Education to lead the Alabama College System by establishing the system's mission as well as the goals and objectives that must be accomplished in order to fulfill that mission. At that point, the real work begins – with you. You are the individuals who work to implement the mission of the system by providing quality educational opportunities to Alabama's citizens – hundreds of thousands of them – every single day. Through your commitment to high standards of service and professionalism, through your work, through your creativity, this system is making a significant difference in the lives of our citizens and thus the future of our state.

On behalf of the State Board of Education, thank for your outstanding contributions to your institutions and to the Alabama College System. It is our honor to serve with you to improve the quality of life in our great state.

David F. Byers, Jr., District VI
Vice President
